

BOND HOUSE IS WILLING TO BUY PAVING BONDS

FAVORABLE ASPECT DEVELOPS
IN LINCOLN HIGHWAY AND
COLONY PROJECT.

COURT HASN'T DECIDED LAW

However, Other Townships Have Sold
Road Bonds—Dixon Can
Do the Same.

A highly favorable aspect has developed in the Lincoln highway and colony paving project. The bonds to the amount of \$82,500 were voted at the spring election for the paving of about seven miles of roads in Dixon township. When the bonds were ready for sale it was found that Wood & Oakley of Chicago would not O. K. the bonds because the Tice Road law, under which the election was held, was before the supreme court and might be held unconstitutional. At that time, after several meetings with the citizens, the Dixon highway commissioners decided that nothing could be done about the paving until the supreme court decided the case, which is expected to be some time in October, and the work was dropped, leaving the roads in bad condition, but at that time there was no help for it.

Can Sell Bonds.

Since then, however, it has developed that other communities are selling bonds under the same conditions and a short time ago a representative of a Chicago bond house came to Dixon, went before the Dixon highway commission and offered to buy the bonds at par value at 5 per cent. The highway commissioners called upon the committee of citizens which was appointed to advise with them in the big work, and the two bodies decided to meet and talk business with the bond man.

Something occurred, however, before the meeting, and the commissioners decided not to sell the bonds at the offered figure. They are holding the bonds now in hopes of getting a better interest price, 4 or 4 1/2 per cent. Commissioner Lennox told a Telegraph reporter today that they probably would not sell the bonds until some time in the winter, when they hoped to get a better price.

May Lose Out.

The only drawback to this otherwise wise and economical plan is that when the supreme court meets and decides upon the Tice road law case it may possibly decide that the Tice law is not valid, and if they do, the bonds could never be sold and another election would be necessary.

The voters of the township voted to issue bonds at not more than 6 per cent, so the highway commissioners are at liberty to go right ahead now and sell the bonds at 5 per cent or at the lowest interest price possible, advertise for bids, get all the preliminary engineering work done, etc., and have the material for the work put on the ground this year, so that the big job can be started early in the spring.

Started Digging For Annex To Tavern Today

Contractor Blackburn Begins Excavation - May Be Four Stories High

Work on the excavation for the addition to be built on the south side of the Nachusa Tavern started this morning. The contract for the excavation has been awarded to Michael Blackburn, but the contract for the erection of the wing has not yet been awarded, several contractors figuring with Landlord Rice on the work.

The addition will be 40x66 feet and will be at least three stories high, the height of the present structure, and there is a possibility that Mr. Rice may decide to make it four stories in height. There will be ten rooms on each floor with a hall through the middle of the building, making all the rooms outside rooms. There are 53 rooms in the main building and with the addition a large crowd can be housed. Entrance to the addition will be from the office.

The building will be constructed of rough brick and this will be covered with a cement surface, to correspond with the present building. It will come to within about three feet of the Y. M. C. A. building.

TAFT PLEADS FOR INCREASED DEFENSE

FORMER PRESIDENT OUTLINES
PATRIOTIC NON-PARTISAN PROGRAM.

HAS FAITH IN AMERICANS

(Associated Press)

San Francisco, Sept. 2.—The acquiescence of Germany in this country's contention for the rights of non-combatant citizens on commercial liners of belligerents "should be the cause of profound rejoicing by every patriotic American and the occasion for congratulation to the president," said William Howard Taft, former president of the United States, in an address delivered today at the Taft day celebration at the Panama-Pacific exposition.

"The very recent news from Washington," said the former president, shows that the firm attitude of President Wilson in maintaining the rights of non-combatant citizens on commercial liners of belligerents to be safe from drowning without warning and an opportunity for rescue has been acquiesced in by Germany.

"This must and should be a cause of great rejoicing by every patriotic American and the occasion for congratulation to the president.

"It must relieve the strain between the two countries. The shadow of a serious breach passes.

"It should not, however, lead our people away from their duty of reasonable preparation. The incident, although closed, as we all hope, shows how near, as neutrals, we are to the war. It shows that we must be careful to insist upon rights as much as that we ought to be reasonably prepared to defend against their unjust invasion by any belligerents."

After outlining the naval and military preparations which he considered it necessary for this country to make Mr. Taft estimated what the preparations would cost, indicating how the money might be raised, and made a plea for the exclusion of politics from the question of preparedness and for the employment of ex-

BIG BOND ISSUE IS CONSIDERED

Bonds Would Run For Long Time
and Per Capita Tax Would

Interest resulting from suggestions in the Telegraph may develop into a Lee County Good Roads Organization. There are many men in Dixon and throughout the county who realize clearly the great need for extensive building of permanent roads in this county. These men are beginning to favor the Telegraph's suggestion of a big bond issue for the building of many miles of brick or concrete roads at one time and one tentative plan is to have a road of that description built across the county on the Lincoln Highway and another such road from Dixon to Pawpaw, which would be practically from the northwest to the southeast corners of the county, with spurs running off to Amboy, Sublette, etc.

Such a plan as this would no doubt take a long time to mature and would necessitate a big bond issue, but the bonds would be long term and would be paid off by future generations and the roads would be in to stay. Stretched out over a long period of years and paid for by the county, the individual expense would be very light. James Wilson, member of the state highway commission, has figured that Ogle county can

THREE LEE COUNTY TOWNSHIPS ARE CLOSED

(Special to Telegraph)

Springfield, Ill., Sept. 3.—The State Board of Livestock Commissioners today issued an order effective at once, placing East Grove, May and Sublette townships in Lee county in closed area of foot and mouth quarantine. All other portions of Lee county will remain in the free territory.

Following the discovery of foot and mouth disease in a small herd of cattle on the farm adjacent the old McGovern farm—now known as the Truenaub farm and occupied by John Martini—where the disease was first discovered this week, Assistant State Veterinarian L. B. Swingley of this city and Federal Veterinarian Murdock have assumed active control of the five-mile quarantined territory and will carry on a thorough house to house canvass in the quarantined territory every day.

The cattle on the Martini farm were destroyed and buried in quicklime yesterday and it was planned this morning to kill the small herd on the adjoining farm this afternoon.

More Inspectors Coming.

Dr. Swingley states to the Telegraph that three state and two federal veterinarians are now on the job in May township and that several more are expected this evening. It is not thought that an unusual number of herds have been exposed to the disease in its second outbreak and that the territory will soon be cleared of the epidemic.

Country Club Is No Nearer Now Than Month Ago

Suggestion Of Telegraph Taken
Up But Nothing Def-
inite Done Yet

Some time ago it was suggested in the Evening Telegraph that a number of the members of the young men's branch of the Chamber of Commerce were interested in the promotion of a country club for Dixon and that they had their eyes on the property occupied by the Rock River Military Academy, which institution was about to leave Dixon. The proposal at that time was to use the big building as a club house and the forty acres of property, combined with forty acres adjoining and owned by A. C. Warner, as a golf links. The idea is no further advanced now than before for none of the men who own the land have been approached nor has a method of raising money to lease and improve the property been arrived at, but hopes are high and the men interested are working quietly at their attempt at organization. There are fifteen or twenty bond holders who are interested in the property and the affair will be an intricate deal. The promoters feel that it is unfortunate that too much publicity has been given to the plan, but it is hoped that something may be done in spite of it. If the deal were consummated the place would not be ready for occupancy before next season.

CAME BACK AND WON AFTER RUNNING AWAY

CROWD AT MORRISON FAIR HAD
REAL THRILL THURSDAY
AFTERNOON.

DRIVER DISPLAYED FINE COURAGE

A thrilling incident was furnished the crowd of 22,000 people at the Whiteside county fair at Morrison yesterday when Erda, a racing mare, broke away from her driver on the course during the race and ran away. The animal is owned by W. H. Knight of Chicago and was driven by Joe McLaughlin of Marshalltown, Ia. In the fourth heat of the 2:30 trot Erda, who had won two heats and was the favorite for the race, started to break soon after leaving the wire and her driver, McLaughlin, in pulling her in broke one of the driving lines. The frightened horse shot forward at a gallop and led the field by a city block or more the first time around. The packed grandstand understood the reason for the mad gait when they saw the broken harness and driver holding to the sulky with one hand and the single line with the other. McLaughlin shouted "Let her alone; keep away," to the crowd that attempted to stop the mare, and he showed his good judgment in so doing for the mare had a clear track and could do no harm.

Horse and driver whirled three and one-half times around the half mile circle, in full view of the audience, with the track cleared and thousands watching with wide eyes. Finally, in the fear that the mare would run herself to death, McLaughlin performed a feat of daring that brought great roars of commendation from the throats of thousands. He stood up in his sulky, grasped the mare's tail and leaped to her back, as she pounded furiously down the back stretch, in full view of all. In a few seconds his pull at the check rein brought her to a trot and then to a stop.

And the crowd surely did howl when Erda, after winning two heats, second in another, running away and racing nearly four times around the track, came out in the next heat and won it, and the race.

Fair Is Good.

The Morrison fair is splendid this year, and is drawing enormous crowds.

SEE AMERICA FIRST—LINCOLN'S TOMB.

Because Abraham Lincoln lies buried in the cemetery at Springfield, Ill., several thousand people visit that city each year to gaze respectfully at his tomb.

This pilgrimage is an act of great devotion, because Springfield is not easily reached by the population of America. About nine-tenths of the population live more than 500 miles away and the tourist routes pass far to the north. But it will pay the real American far greater dividends than a long and billowy trip to Shakespeare's tomb or Goethe's house or Samuel Johnson's tavern. Lincoln was buried in the town where he grew great and some of his honesty and kindness may be contagious.

The tomb of Lincoln is located in one of the most beautiful cemeteries in the country and the state of Illinois has built a vast and soaring monument over his tomb. It is a granite shaft on a pedestal around which are bronze groups of the army, navy, artillery and cavalry—four institutions

UNITED STATES TO MAKE NO FURTHER MOVES FOR PEACE

ALLIES MUST SHOW THAT GOOD OFFICES WOULD BE WELCOMED.

BELEIVE ALLIES ARE WILLING

Fact That the Vatican Is Close to Austria Leads to That Belief.

(Associated Press)

Washington, Sept. 3.—The United States government will make no further efforts to bring about peace in Europe until it has received word that its good offices will be welcomed by both sides in the great conflict now in progress.

This statement was made authoritatively in official discussions here of the message of Pope Benedict, delivered to President Wilson yesterday by Cardinal Gibbons.

Tentons Are Willing?

The fact that the Vatican is in close touch with Austria has led officials here to believe that the German powers are willing to discuss peace, but similar words will have to be received from the allies before President Wilson will make any further move.

Sees U. S. as Peace Aid.
Cardinal Gibbons declared the settlement of the submarine issue between the United States and Germany had greatly aided the cause of peace and had placed the United States in a very advantageous position to be of service in bringing to an end the conflict abroad. He said he had informed the president that he believed this to be true.

While the cardinal would not go into details regarding his message from the pope, it was indicated that it was in the nature of a suggestion that neutral powers join with the vatican in making further efforts to restore peace. The cardinal said that the plan in mind was along the general lines of recent public discussion of the question in newspapers.

Talk is Satisfactory.
Cardinal Gibbons was with the President nearly half an hour. He was accompanied by Monsignor William T. Russell, rector of St. Patrick's church here.

"Our talk was highly satisfactory, and I am very much pleased with my reception from the president," said the cardinal. "We went over the entire situation, but I cannot reveal the details of our conversation at this time. Probably more will be made public in the near future."

In answer to inquiries, the cardinal said that he had brought to the president a message from the pope. He added that he wanted to talk with Secretary Lansing on peace and go over the same details he had taken up with President Wilson.

Hopeful in Demeanor.
It was indicated that the basis for his belief was a suggestion that it might be possible to get an agreement between Germany and Great Britain for guaranteeing the freedom of the seas, and in that way to start a discussion of peace terms. The cardinal indicated broadly that he believed negotiations soon would be under way to end the war. He indicated that further developments might become known soon.

Text of Proposal Secret.
Cardinal Gibbons, the secretary of state, and the president declined to reveal the details of the pope's suggestion. It was stated at the White House, in fact, that the president would not discuss the subject at all.

From two official sources, however, it is reported that:

First—Germany will not consider any peace arrangement that does not permit Poland to become an independent kingdom.

Second—Germany will insist the civil freedom of the Jews must be guaranteed.

Third—Germany will demand international agreement providing for the freedom of the seas.

NEW INFIRMARY WILL BE UNDER ROOF SOON

TEN DAYS WILL PROBABLY FIND ROOF COMPLETED—INSPECTED TODAY.

The special building committee of the board of supervisors in charge of the erection of the new county home made their monthly visit today to the new structure to see how the work was progressing. The walls of the building are all up and the roof will be on within the next ten days. The work on the roof has been stopped until the electricians can get the wiring done. Some idea can now be gathered as to the style and size of the building and it promises to take first rank with any in the state. The wet weather of June and July retarded the progress on the building, but during the past three weeks rapid progress has been made.

INVITE EVERYONE TO METHODIST PICNIC

ANNUAL EVENT WILL BE HELD AT ASSEMBLY PARK MONDAY.

The Methodist church and Sunday school will hold its annual Labor day picnic at Assembly park on Monday. The committees on music, refreshments, sports, etc., are all at work and a big day is assured.

Everybody is invited to fill a dinner basket and come, or if they cannot arrive in time for dinner to come for the afternoon. The invitation is as large as Assembly park, which means there is room and welcome for every body who cares to come whether members of the Methodist church or not.

During the afternoon a musical program will be given for those who do not desire the strenuous activities of the athletic program. Sports and a ball game will furnish amusement for others.

This is the fourth annual picnic of this sort, and last year despite the rain between four and five hundred ate dinner on the ground. This year, the weather permitting, the number will be much larger. So there will be no opportunity for anybody to be lone some.

Hot coffee will be furnished for the entire company by the Sunday school.

URGES MILITIA HELP ENFORCE QUARANTINE

PRESIDENT OF CHICAGO LIVE STOCK EXCHANGE WRITES TO GOV. DUNNE

(Associated Press)

Springfield, Ill., Sept. 3.—In a letter to Gov. Dunne, calling attention to "the alarming spread of foot and mouth disease in Illinois," President Jerrem of the Chicago Live Stock Exchange urges that if necessary the militia be called out to enforce quarantine regulations.

Impressed by the letter Gov. Dunne summoned State Veterinarian Dyson and following the conference it was announced that the governor would invite representatives of the live stock men of Illinois to confer with members of the Live Stock Board, Dr. Dyson and perhaps the governor himself, to be held in Chicago Monday morning.

Those invited will include the editors of live stock publications, President Atkins of the Illinois Live Stock Breeders' Assn.; J. P. Mason of Elgin, president of the Illinois Dairymen's Assn.; President Marker of the Illinois Swine Breeders' Assn.; and representatives of the Chicago Live Stock Exchange.

EDITOR AND PROPRIETOR OF DIXON CITIZEN TO DISPOSE OF LOCAL PAPER.

Frank E. Stevens, who for several years has been editor and publisher of the Dixon Weekly Citizen, a democratic newspaper published in Dixon, has purchased a half interest in the Sycamore Tribune, a semi-weekly newspaper. His partner will be Alvin H. Resch, another experienced newspaper man. Sycamore is Mr. Stevens' home and the field there will be much more fertile. Mr. Resch and Mr. Stevens are both veteran newspaper men and they will undoubtedly make a big success of their enterprise. Mr. Stevens has made many friends during his work in this county who, although they are loath to see him go, wish him good luck. The politics of the paper under the new management will be republican.

Mr. Stevens will make disposition of his Dixon paper within a short time.

\$317,000 Extra

These three new extras will this year cost us \$317,000. They will save our users ten times that or more.

No like capacity was ever before embodied in a small-size tire. Yet this year we made another big price reduction.

Get these new extras when you next buy tires. See for yourself what they add to your mileage. Don't take smaller, thinner tires when Goodyears offer these things.

Neighbourly Class Attention

All members of the Neighbourly class and their friends are asked to remember the picnic at Assembly park Monday and to come with well filled baskets prepared to enjoy the day.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots.
How to Remove Easily.

Here's a chance, Miss Freckle-face, to try remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

For Mrs. LeRoy Drew
Mrs. W. C. Jones entertained this afternoon for her daughter, Mrs. LeRoy Drew of Chicago.

For Miss Flanagan

Mrs. William Flanagan of Highland avenue was hostess to a delightful party of young people Thursday evening in honor of her daughter, Miss Ethel who will leave Saturday for Minneapolis where she will attend school. Fifteen of the friends of the young lady were present and thoroughly enjoyed an evening spent in games and music amid pretty decorations. A gilded basket filled with flowers was the centerpiece at the table where a delicious four course luncheon was served.

For Miss O'Malley

Mrs. Jason Duis delightfully entertained last evening with a four course dinner for Miss Dora O'Malley, who is soon to become the bride of John Dolan of Chicago. Autumn leaves and garden flowers arranged in a large basket formed an attractive centerpiece for the table.

Labor Day Picnic

The annual Labor Day picnic of the Methodist Sunday school will be held at Assembly park Monday. A special program of events, such as races, has been planned for the afternoon, and a phonograph will be placed in the hotel for the pleasure of those who do not care to take part in the games. The usual bountiful picnic dinner will be served at noon and a watermelon feast will be a feature of the early evening. All who care to participate are invited.

OPINIONS OF AN EXPERT.

Dr. S. S. Goldwater, commissioner of health for the city of New York, has just issued an official bulletin in which he says:

"A diminution of the consumption of alcohol by the community according to those who are in a position to know and to judge, would mean less tuberculosis, less poverty, less dependency, and less pressure on our hospitals, asylums and jails.

"Intemperate drinking cuts into the support of the family. The drinking of parents weakens the vitality of children. Drinking mothers lose twice as many babies as do sober mothers. More alcoholism is found in the parents of feeble-minded children than in the parents of normal children.

"The children of drinkers develop more slowly and do poorer school work than do the children of abstainers. Alcohol impairs the tone of the muscles, lessens the products of laborers, depreciates the skill and endurance of artisans, impairs memory, multiplies industrial accidents, cause chronic diseases of the heart, liver, stomach and kidneys, increases the death rate from pneumonia, and lessens natural immunity to infectious diseases."

So if this man knows what he is talking about, and we have every reason to believe he does, for other experts say the same thing, it would look as though the man who is intemperate in his drinking needs another spoonful or so of brains before he can rank with sober men. Drinking too much, or eating too much, for that matter, is a barbarous, savage, bestial habit. Slow up if you want to enjoy life, Mr. Souze.

WE GET OUR MONEY'S WORTH.

The editor of the Elgin News expresses our sentiments exactly when he says:

We are all apt to groan and grumble about our taxes, although we pay other bills without murmur or protest. It is true that the taxing system is unjust and unfair, really a joke, but no steps are being taken to remedy and revise it. Yet even now we get more benefits dollar for dollar from what we pay in taxes than from any other money we spend. We have been educated by these taxes and our children are enjoying the same benefit. We have police and fire protection. Our city has two grand parks and ample, well kept grounds and places for good, clean sports. We have roads to ride over. We have institutions for our unfortunate brothers and sisters. We live in a country of remarkable peace, prosperity and tranquillity. And we enjoy "personal liberty," too much of it, in fact. And the basis of it all is the government—local, state and national. The taxes keep them all a-going and if the tax kicker can show how he gets any greater benefit out of money spent for purposes other than taxes, we would like to know it.

BEAUTIFY YOUR SURROUNDINGS.

Fall catalogues from the seed and bulb houses are beginning to arrive, which reminds us that it will soon be time to plant bulbs and shrubs for next spring and summer. The spring flowers are beautiful and there should be some at least in every yard in Dixon. The war in Europe seems to have made bulbs cheaper instead of more expensive as was thought would be the case. Beautiful shrubs can also be had at reasonable prices and by the careful selection of different varieties, blooms can be enjoyed all summer from the time the golden Forsythia blossoms until the Hydrangeas bloom. A few dollars spent for flowers and shrubs to beautify the home will work wonders in a year or two. It also means a more beautiful city and should be a matter of civic pride.

Miss Alice Williamson, T. N., has returned home from Franklin Grove where she has been taking care of Mrs. Hussey for a month.

Dr. Ray Wilson went to Chicago yesterday.

D. J. Snyder returned Wednesday from Freeport.

Of course, you're thinking of re newing at least some of your Window Draperies this Fall for there's nothing more tasteful and favorable to a cheerful home atmosphere than pretty Window and Door Hangings.

You will find in our assortment some very new things in Laces, Nets, Marquisettes, Lappets, Etamines, Voiles and a lot of Novelty Weaves that are superbly attractive and at a very modest price. Made-up Curtains here constitute a big feature of our Drapery showing and it is a pleasure to us to have you spend some time in this department from time to time looking over the new arrivals. Assortments now are especially good.

pert advice.

Increases We Need.

In summing up what he regarded as necessary preparation he said:

"First, an increase of our navy tonnage as rapidly as possible by 30 per cent and an immediate increase of the personnel of the navy by nearly 20,000 sailors and 900 officers.

"Second, an increase in ammunition for our great coast defense guns, and the making of 16 inch guns and completion of the defense of Chesapeake at Cape Henry. In addition an increase of 10,000 trained coast artillerymen and 600 officers to man the coast defenses properly.

"Third, an increase in our regular mobile army of 50,000 troops, and a quadrupling of the supply of educated military officers. We should also adopt a reduced term of enlistment with inducement to the formation of

a reserve of trained men."

Cost Is Very Heavy.

He pointed out that to carry out such preparations would cost a large sum of money and that the treasury of the United States is not in a condition to warrant such expenditures.

"The program I have proposed," he said, "modest as it is, will certainly increase the annual total of the army and naval appropriations by \$150,000,000 perhaps, \$150,000,000 for each of three years and probably more.

"This leaves \$325,000,000 at least of necessary income to be provided for by new legislation of congress over and above what existing law would probably produce. This could be partly made up by the renewal of the war tax and the sugar tax, yielding say \$125,000,000. There would be left from \$150,000,000 to \$200,000,000 of a deficit still to be provided for by either cutting down expenses or by additional taxation."

One Body of Economists.

Mr. Taft suggested that expenses could be cut down by giving authority and responsibility to one body of men

to consider the whole field of government income and expenditure.

A large sum, he said, would under any circumstances have to be raised by taxation. As a republic, he said, he believed that a change of policy to a higher protective tariff would serve most satisfactorily but that he would not urge it because:

Not a Partisan Speech.

"I am trying to make practical suggestions and not a partisan speech, and I am looking to what may reasonably be demanded of a patriotic democratic congress in view of the present imperative need of increasing our national income and their anti-protection views.

"The imposition of a small tax on small incomes asks a sacrifice from our patriotic citizens that they will be willing to make if our politicians have the courage to impose it and explain the imperative necessity.

"The payment of a tax, however small, makes a man a better citizen. To assume that the plain people are unwilling to pay increased taxes in case of national need is to distrust them and to ascribe to them the low-

est motive for political action.

"Let us exclude politics from the question of preparedness. Let us accept the cost. Let us insist that congress and the administration manifest the courage to incur the odium of unthinking and unpatriotic men who would resent contributing to such a cause. Let us insist that the congress and the administration shall defer to the judgment of real expert naval and army officers and boards as to how we should prepare and shall not allow the dangerous little knowledge of committee chairmen and civilian politicians, ignorant of our needs to obstruct the work of proper national defense."

ALL IN READINESS FOR BIG CLAM BAKE

CONSTRUCTION COMMITTEE HAS PRACTICALLY COMPLETED THE GROUND WORK.

BIG ATTENDANCE IS CERTAIN

The construction committee has nearly completed its work at the Truman farm in preparation for the Elks' big clam bake, which will be held there Monday and patrons will find, when they reach the grounds, that the arrangements this year will provide greater accommodations for the patrons than ever before.

The seating arrangements have been greatly increased while the scheme for serving the "eats" will prevent any confusion and will enable all to get prompt service in their turn. The big tents, for use in case of rain have been erected; all the food has been contracted for and will be on the grounds early Monday morning—in fact everything is ready for the biggest clam bake the Dixon Elks have ever held.

The returns from the invitations which were sent out of town indicate that the attendance from away will be larger than ever before. Many prominent politicians will take advantage of the opportunity of meeting the voters and scores of good fellows from every surrounding town will be here to enjoy the holiday.

W. H. Kugler of Harmon was here today on business.

EXPRESS RATES ARE SLIGHTLY INCREASED

GRADUATED RAISE ON PACKAGES UNDER 100 POUNDS IS IN EFFECT.

Increased rates on small express packages went into effect this week.

The advance was authorized some time ago by the interstate commerce commission upon complaint of the express companies that it cost them more to handle small packages than they were receiving. The added rate was allowed as a terminal charge.

On packages of five pounds or less the increase amounts to five cents. Until 90 pounds is reached the increase is graduated. A comparison of the old rate and the new from Dixon to Chicago follows:

| | Old rate | New rate |
|-----------|----------|----------|
| 1 pound | \$.21 | \$.21 |
| 2 pounds | .22 | .26 |
| 3 pounds | .22 | .27 |
| 4 pounds | .23 | .28 |
| 5 pounds | .24 | .29 |
| 10 pounds | .28 | .32 |
| 15 pounds | .32 | .36 |
| 20 pounds | .36 | .40 |
| 25 pounds | .40 | .44 |
| 50 pounds | .60 | .62 |

CHANGE DATE OF SCHOOL MEET

Representative of State Superintendent's Office to Attend.

The date of the meeting of the county superintendents of the 13th congressional district has again been changed and it has now been set for next Monday, Sept. 6th, at Freeport. Arrangements have been made to have some one from the state superintendent's office present at the meeting to explain the new school law.

Paul Charters and Miss Richardson of Ashton motored to Dixon last evening.

Mrs. Della Coe and Mrs. W. F. Strong accompanied Mrs. Charles Hennessy, who is going to her home in Atlanta, Ga., as far as Chicago this morning.

Mr. and Mrs. Wm. Nixon, Sr., and Mrs. Fred Nixon of Streator are here visiting at the home of the former's son, William Nixon, Jr.

TO begin with, a distinctive fabric—then a shears to cut it to your figure, a needle to sew it carefully, a tailor's "goose" to smooth it out.

That is the prescription for a well dressed man—and sewing machines, cutting knives and pressing machines fail as "substitutes" always do.

SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

family for week or longer. Rooms with bath must be applied for in advance. Rates: \$2 per day, \$12 per week, half rates for children; rates made to family for week or longer. Rooms with bath must be applied for in advance. Free use of garage.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

QUESTION CLEARED UP
DIXON READERS CAN NO LONG-ER DOUBT THE EVIDENCE
Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Dixon's pertinent question has always been "Has any one here in Dixon been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight wit has the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.
P. K. Cnare, tailor, 1204 First St., Dixon, says: "I had a dull ache in the small of my back, right across my kidneys. I had heard Doan's Kidney Pills highly recommended, so I got some at Leake Bros. Co.'s Drug Store. They removed the pains in my back and I have had no trouble since."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cnare had. Foster-Milburn Co., Props., Buffalo, N. Y.

DRAW PETIT JURORS FOR CIRCUIT COURT IN SEPTEMBER TERM

SHERIFF AND DEPUTIES HAVE SUMMONED THOSE TO HEAR CASES.

JUDGE FARRAND WILL PRESIDE

Dixon Jurist On Bench When Court Convenes September 20th—Many New Cases.

The September term of the circuit court will open a week from next Monday, September 20, and the outlook is for a busy term. There are many cases on the docket and the time for filing new suits does not expire until one week from today. Judge R. S. Farrand will be presiding judge at this term of court and he has the reputation of always cleaning up much business.

The sheriff's office has been busy the past week serving summons on those who have been drawn to act as petit jurors during the four weeks of jury work. The list of jurors for the second and third weeks of court are as follows:

FRANK JURY FAILS TO INDICT

Cobb County Body Can Get Evidence Against Nobody.

Marietta, Ga., Sept. 3.—The Cobb county grand jury reported that it had been unable to find enough evidence, after a two-days' examination of witnesses, to indict anyone for the lynching of Leo M. Frank. The report stated:

"We have found several clues, but we have been unable to find anyone who could identify any party. We have done our best, under our oath, and we regret to state that we have been unable to find enough evidence to indict anyone for this crime."

Mrs. Rena Gigous of Madison, Wis., and Miss Myra Johnson of Palmyra spent the day with their sister, Mrs. Will Prescott.

Don't forget the one-cent sale at Campbell's drug store today and tomorrow.

BORDER TROOPS FIGHT MEXICANS

Continued from Page 1

railway bridge 15 miles north of here was set on fire early in the morning, reports from various points indicate. After battles with posess and ranchmen they managed to join forces again.

Exchange Shots With Texas Civilians.

Thirty of the Mexican, exchanged shots for half an hour with armed civilians near San Benito. Reports from that place are to the effect that a concerted attack on the town had been planned, but that the partial failure of the scheme to destroy the railroad bridge prevented it.

A quantity of dynamite wired and ready for firing was found near the bridge. It is thought that the bandits were frightened away before their work was completed.

Situation Most Serious Yet.

The situation is more serious than at any time since the border raids started. Fired with a spirit of revenge for the killing of General Orozco by United States troops, the Mexicans across the line and in Texas as well are in a murderous mood and a general uprising is feared.

GOOD ROADS ASSN.

(Continued from Page 1)

build 250 miles of brick road, set in a concrete base, at a yearly cost of 11 cents per acre in the county for a period of 25 years. Such an expense as this would be negligible compared to the value of the investment.

Roads following some such route as suggested above would not total much more than a third of that mile age but would still be tributary to nearly every town, village and farm in the county and with a little more extension so that towns in the west and east end of the county could be on the route, the main arteries of travel in the county would be covered.

One can readily realize that such a system of road improvement when completed would add many dollars to the price of every acre of land in the county. It is a big and vital subject and demands the attention of every progressive citizen. Th plans are in their infancy and will stand revision and reconsideration to suit conditions. The first thing that is needed is a good roads association, such as Ogle county has, for no such big movement as this can be handled without organized backing. It is up to the Lee county farmers and business men to get together and organize. The time of the Lee County fair would be a good time to hold a mass meeting and organize such a body and Amboy is a central place for organization.

The Telegraph will be glad to receive and print ideas and suggestions along this line. Write your sentiments down and send them to us.
